

2021 SPRING LAKES GOLF CLUB

BALL FITTING TECHNOLOGY BASED LESSON

This “PGA” tour-based technology lesson is designed to match your swing with the best golf ball on the market for your game. Through a series of swing analysis and diagnostic testing we will ensure that your game is matched to the correct ball in order to maximize your overall distance with each club. The correct ball will help to improve your short game overall scoring performance.

You will be using “top line” golf balls with your equipment during this lesson.

The outcome of this lesson is to ensure that you are playing the correct golf ball that aligns to your golf games personal characteristics and not the golf ball the advertisers or your friends say you should be playing!

Duration:

1 hour

Price:

\$135.00 per person

Includes:

A dozen golf balls which you have been fitting for

BALL FITTING TECHNOLOGY BASED LESSON
